

Instructions for Practitioners **Renting the *Soothing Waters* Pool**

Thank you for your interest in renting the *Soothing Waters* pool. Please be sure that both you and your client review this information prior to coming:

1. The entrance to the pool is through the courtyard between the two homes. Enter through the rear door on the left side of the main house labeled "*Soothing Waters*". Both you and your client should have read "Before You Come" and "Parking Plan" before arriving (Fees and Forms section of www.soothingwaters.net).
2. 1 hour and 15 mins. is allotted for each session. There may be another session scheduled an hour and a half after yours, so please be aware of the time. A clock is visible from the pool.
3. The pool rental fee is \$35. for your first 1:1 session and \$25. for each 1:1 session after that. Scheduling your session on a Tues. or Wed. afternoon will lead to best availability and the rental fee guarantee. On days the pool is not heated, especially early season sessions, there may be an additional fee to cover increased heating expenses on days other than Tues. or Wed. Included in the rental fee is pool and bathroom use. I have a number of flotation cuffs in varying sizes available for your use. I do not provide a sound system.
4. A minimum of 24 hours is required for cancellations. Please send an e-mail to lizbart@wavecable.com if canceling. A cancellation fee may result if less than 24 hours is provided and the pool has already been heated.
5. Independent contractors renting the pool are not covered by my insurance. Please be sure that you have adequate insurance for yourself and your client prior to renting the pool. It will also be necessary that both you and your client sign a Waiver of Liability when you arrive. I will have a Payment Basket and the Waiver awaiting your arrival. I do not take credit cards and may not be available to make change. Please plan ahead.
